

COMERIO ERCOLE

MECHANICAL CONSTRUCTIONS SINCE 1885 ITALY

Calandrone 7 mt

Massima produttività e flessibilità di processo

Un'altra impressionante calandra da 7 metri realizzata in Comerio Ercole per un importante gruppo internazionale nel campo dei termopolimeri per uso sanitario. Due innovativi impianti di calandratura sono invece in corso di realizzazione per due importanti gruppi industriali in Europa a prova di una capacità specifica di engineering garantita dal team Comerio Ercole e integrata di servizi "chiavi in mano" e fornitura di tecnologia di processo "know-how". Con tutte le attenzioni previste dai protocolli aziendali nel mese di febbraio il nostro personale è presente in ben 8 stati esteri a prova della garanzia di continuata assistenza a tutta la clientela.

Another 7 meters super calendering unit for thermopolymers

High Productivity and process flexibility

After four 7 meters "giant" calenders realized in the recent time again this month another one has been shipped to a very important international group in far east. Comerio Ercole team is proud about this challenging result achieved as well as another two very important and impressive calendering plants in Europe for two so significant industrial groups now under commissioning where all engineering teams strongly worked to grant an innovative layout and where Comerio Ercole granted on site "turn key" services as well as technological "know-how" process integration. Comerio Ercole customer service team is proud to inform that during January and February our Italian technicians, in accordance with all Covid-19 procedures and rules, are present in not less than 8 different countries all around the world so granting a continuous site assistance service in addition to all "remote assistance services" provided in the recent time and continuously technologically improving with innovative AR interactive devices. Comerio Ercole is constantly investing in this high performing "hybrid" method where the assistance service will be balanced with "in presence" and "in remote" assistance support according to the new updated "TELESERVICE PLUS" central service coordination.

What was never considered possible is now possible!

Working in progress for European Turn key Calendering plant

Comerio Ercole Engineering ability and process know how provider

Italian sailing winning technology

Comerio Ercole sailing team also enjoy and is proud about this winning challenge!
