

# COMERIO ERCOLE

MECHANICAL CONSTRUCTIONS SINCE 1885 ITALY

## Tecnologia 4.0

Un importante riconoscimento e tante nuove innovazioni

Un importante riconoscimento è stato ufficialmente assegnato al gruppo industriale Comerio Ercole. Miglior azienda 2020 WHP per la promozione sul luogo di lavoro di condizioni e buone pratiche di salute. Il programma WHP segue il modello OMS per favorire cambiamenti organizzativi nei luoghi di lavoro per incoraggiare l'adozione consapevole e la diffusione di stili di vita salutari e puntando alla prevenzione. Un ottimo risultato raggiunto in un periodo Covid-19 che aggiunge valore allo stesso. L'ambiente aziendale favorisce anche lo sviluppo di nuove ed innovative tecnologie: già 1 nuovo brevetto registrato nel 2021!

## Industry 4.0 rubber process high performing calenderline

Reliability and Innovation

Comerio Ercole motto in this period is always "keep an eye on the future", in this first two 2021 months totally nr 4 complete tire process calendering unit have been delivered to international customers and just after again other important calendering plant are starting the assembly at our workshop. All Comerio Ercole team is proud for this result achieved during all pandemic period with a strong commitment of all the organization. The key remain strongly linked to Comerio Ercole ability to constantly develop tailor made innovative solutions developing new technologies also, at the beginning of this new year already a brand new patent has been filed also. Comerio Ercole invested in a new skilled technical team dedicated to Industry 4.0 solutions only and all the recent delivered plants are integrating all these new solutions offered to all end user to make easy their process and be more flexible into production phase. Maybe Comerio Ercole product is not the cheapest one but the bitterness of poor quality remain long after the sweetness of low price is forgotten: Comerio Ercole looks at long term quality first, always and without any compromise. More that a century of experience and constant reliability for the challenge of tomorrow always keeping an eye on the future!

During CHINAPLAS 2021 exhibition in Shenzhen, Comerio Ercole will present some very important technological innovations recently developed for calendering plants for plastic process. Come to visit us at our booth 10G73!

Comerio Ercole has been WHP awarded as best workplace 2020 promoting health. A great result during Covid-19 pandemic period
