Volume 2024 - Ed.04

IN BREVE Mese di Aprile molto intenso per le attività in Cina **CHINAPLAS 2024** e Germania **TECHTEXTIL 2024**, due team di nostri specialisti presenti in loco per la presentazione delle più recenti innovazioni nel campo della calandratura, della mescolazione delle materie plastiche, della gomma e dei tessuti non tessuti. Grandissima affluenza ai nostri stand in questi giorni di esposizione. E siamo già subito pronti per una nuova maratona espositiva in USA con la partecipazione alla fiera **NPE 2024** di ORLANDO e dopo pochi giorni a **AKRON** in OHIO per **ITEC 2024**. Vi aspettiamo!

CHINAPLAS 2024 - CHINA. COMERIO ERCOLE team of specialists is proud to have participated in this year's edition of CHINAPLAS. The event has been a remarkable platform, showcasing a wide array of innovative, unique, and problem-solving technologies developed by industry leaders and technology pioneers. These breakthrough solutions are designed to meet the demands of various applications while focusing on high-efficiency and intelligent manufacturing. The advanced technologies presented at CHINAPLAS 2024 are also in line with the principles of the circular economy, reinforcing the importance of sustainability and responsible resource management. It's exciting to see how these technologies are contributing to a more sustainable and efficient future. We look forward to continuing our work with these pioneering solutions and can't wait to see the impact they will have on our industry. Alessio Ceriani and Guglielmo Comerio remain on site with our China team in order to support all international and local customers visiting our booth and they reported the great interest for latest Industry 5.0 innovations.

What was never considered possible is now possible!

TECHTEXTIL 2024 – GERMANY COMERIO's team participated in the 20th edition of Techtextil, which took place from 23 to 26 April 2024. International exhibitors displayed the full range of technical textiles, nonwovens, functional apparel textiles, and textile technologies. Techtextil 2024 brings all these areas together, creating a space where car manufacturers meet fashion designers, and medical engineers engage with industry specialists. It's events like this that inspire innovation and drive progress! COMERIO ERCOLE team composed by Roberto Marcora and Vittorio Anderlini is now ready to support you for innovation.
