QUALITY & TECHNOLOGY SINCE 1885 ITALY

INFO NEWS

Volume 2024 - Ed.03

IN BREVE Tutti presenti al TIRE TECHNOLOGY di Hannover dal 19 al 21 marzo. Sono state presentate tante soluzioni innovative per il comparto della calandatura e della mescolazione della gomma con la presentazione dei nostri nuovi dispositivi brevettati **TWINFLEX®** e **FASTEEL®** a supporto di una sempre maggiore effettiva efficienza produttiva e di processo. In azienda l'8 marzo un giusto riconoscimento al team femminile della nostra squadra ed il 15 marzo un grande grazie ai 50° anni di passione e determinazione di un nostro grande storico collaboratore con cui abbiamo voluto festeggiare tutti insieme questo primo traguardo di lavoro.

COMERCO ERCOLE TEAM AT TIRE EXPO 2024 IN HANNOVER. During the TIRE TECHNOLOGY event, the COMERCO ERCOLE team introduced the latest innovation, **FASTEEL®**. This revolutionary system, presented and patented by COMERCO ERCOLE, allows for an effective reduction in process time and production changeovers of calendered steel cords. With **FASTEEL®**, setup times are reduced by well over 80% when transitioning between productions. It is the only integrated process system that not only enables quick changes of pressure rollers but also guarantees significant savings on production times, resulting in considerable economic benefits. Additionally, COMERCO ERCOLE introduces the **TRIPLE®** 4-roll calendering unit, a groundbreaking configuration designed to integrate various rubber processing operations. This includes fabric and steel cord rubberizing, rubber sheeting, inner liner production, and more.

What was never considered possible is now possible!

ESG floral tribute to recognize the value of our all-female team on International Women's Day, March 8th, in front of the latest construction of an important calendering plant ready for shipment. Additionally, on March 15th, a heartfelt thanks to our 'PG' for his 50 years of cooperation with us, acknowledging his passion and determination for work at our premises in COMERCO ERCOLE.
